

SUNDAY TECH SERIES

"Don't just download the latest app, help redesign it. Don't just play on your phone, program it."

— Barrack Obama

"Everybody should learn to program a computer, because it teaches you how to think."

— Steve Jobs

ABOUT TECH SERIES

Over the years, technology has revolutionized our world and daily lives. Technology has created amazing tools and resources, putting useful information at our fingertips. With all of these revolutions, technology has also made our lives easier, faster, better, and more fun. In the modern business environment, it is imperative that business organizations ensure their online presence for promoting their brand. Here's where the need for an efficient Web and app developer is felt. To make the best use of technology and time during this pandemic and not limit our learning, NMIMS Indore has come up with a new webinar series known as the "Sunday Tech Series". It will include webinars conducted every Sunday focusing on different programming languages such as Java, Python, SQL, PHP, HTML, C, C++, etc as well as on Web Development, App development, Data Analytics, Internet of things, Cyber Security, Blockchain and many more.

WHO SHOULD ATTEND?

The webinar is open to students who are interested to build their career in IT / Management etc. from class 10th to 12th as well as first and second Year college students.

FEES AND REGISTRATION

Registration Fees: The webinars will be **FREE** of cost.

Mode of Delivery: Cisco WebEx Platform

E Certificate will be issued to those who attend the session and score minimum **50 %** in the Quiz.

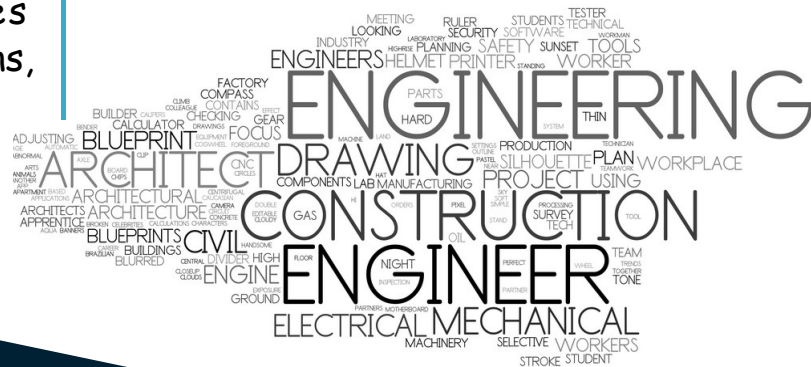

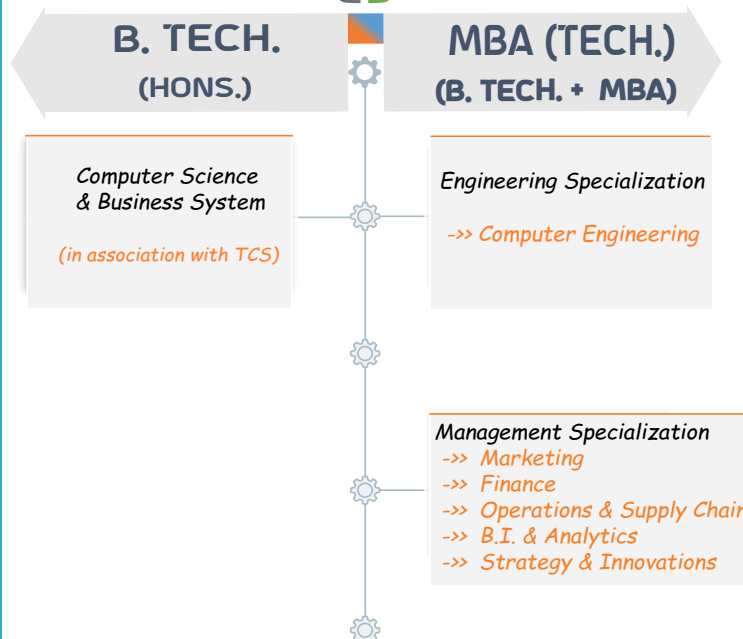

ABOUT STME, NMIMS INDORE

The NMIMS University has 04 specialized Schools operating at Indore campus, with a dream of fulfilling the requirement of both Engineering and Management, School of Technology Management & Engineering (STME) is a constituent school of SVKM's NMIMS University.

The vision while setting up the school was to meet the growing demand for engineers in the country. School of Technology Management and Engineering plays a distinct role in providing excellence in engineering and management education thereby creating human resources of value to industry and society both at national and international levels.

An enthusiastic, highly competent faculty and dedicated staff functioning in an ultra-modern campus now impart quality education and training to its entrants. All students enjoy the learning environment that engages innovative pedagogies, rich interactions, and global networking.
