

TREASURE HUNT REPORT

The event was about fostering the basic finance knowledge in students in a fun manner. It will help participants in skills such as team building and brainstorming.

10 teams participated in this event. Each team was given a certain number of clues. Each clue corresponded to a location on campus. Teams had to figure out these clues to get to the next one. Simultaneously, they will be asked to **perform some activities** during the event which would be a part of clues.

Participations: Teams of 4 each. Open to all schools.

Judging Criteria: First team to solve all the clues and complete treasure hunt won the competition.
